

## Scales, artboards, templates

Artwork should be done at 1:1 (100%) or 1:10 scale. If product is bigger than maximum artwork size then make it at 1:10 size.

There are ready-made templates for many of our products.

Please see our webstore [www.aitoonlipputehdas.fi](http://www.aitoonlipputehdas.fi) for additional information.

You can request templates as well by email: [originals@printscorpio.fi](mailto:originals@printscorpio.fi)

## Bleeds

Textile products usually need extra for both cutting and seams. It is advisable to make 50 mm bleeds in artworks.

## Pictures, profiles and resolutions

Pictures can be CMYK or RGB colour modes. In case artwork files have no profiles embedded we use Fogra coated 39 for CMYK and Adobe-RGB(1998) for RGB as source profiles. Specific colours can be specified for example from Pantone Solid Coated or Home+interiors guides.

Resolutions in 1:1 size:

- products that will be viewed close. 150-200 dpi (1:10 size 1500-2000 dpi)
- products that will be viewed from 2 meters distance minimum 50 dpi (1:10 size 500 dpi)
- Bitmap or index-modes preferable minimum 600 dpi.

## File format for ready-made artwork

Export ready-made artwork to press quality PDF-file. Make sure that fonts are embedded in PDF-file. Cropmarks are not needed. If artwork is totally done in Adobe Photoshop then the best file format is native PSD.

## Sending originals

Files can be delivered with:

- e-mail : file sizes under 50 Mb [originals@printscorpio.fi](mailto:originals@printscorpio.fi)
- uploading with AFP-connection (Mac only), log from Finder as guest to address <ftp://serveri.banderolli.fi> and upload files to Tulevat\_aineistot -folder.
- upload with FTP-connection: <ftp://vieras:vieras@194.215.207.122> or request private account from [originals@printscorpio.fi](mailto:originals@printscorpio.fi)
- mail a memory stick or if there is a physical original (drawing etc.)

Updated and additional instructions (also for repeat designs for textile printing) please see [www.aitoonlipputehdas.fi/Aineistohjeet](http://www.aitoonlipputehdas.fi/Aineistohjeet)
